

THE REGISTER.

OFFICIAL PAPER OF COUNTY.

SATURDAY, AUGUST 28, 1876.

LOCAL DEPARTMENT.

TO THE PUBLIC.

For our own protection we hereby agree to furnish no goods or publications for any legal advertisement of any description, published by us, from and after the date hereof, until the cost of such advertising is paid.

W. T. McCLARY,
Publisher, Register Office.

Dated Feb'y 15th, 1875.

Davis proposes to close out his entire stock at very low figures. Give him a call.

J. N. FRANCIS & Co. are selling Lake Salt at \$2.70; Ohio River at \$2.50 per barrel. Call and see them if you want salt. Warranted not to have been watered by the Mississippi.

Davis has just received new stock of Summer Coats, Pants and Overalls.

Do not leave Furniture, Farming Tools or any kind of property that can be used lying around in your way, but leave it with HAYWORTH at the Eureka Store. He will pay you Cash, or sell it for you at public or private sale.

Persons knowing themselves indebted to Wm. Davis will please call and settle accounts at once, and oblige.

—Flour has advanced.

—Bird dogs are at par.

—Sneak thieves about town.

—Peaches are coming down.

—And still the peaches come in.

—Dull—business at the court house.

—A number of drummers in town this week.

—Our merchants are ordering new goods.

—Sorghum molasses will soon be in market.

—Dr. Fulton drives a splendid team of horses.

—The ground is in good condition to plow for wheat.

—Dr. Knowlton of Geneva, is gradually improving.

—Jno. A. Allison started for Indianapolis this morning.

—Remember the musical concert next Wednesday evening.

—Don't forget the county fair—get up something for exhibition.

—Some of our citizens have commenced the fight on the sand burrs.

—Weather much warmer since the wind has changed to the south.

—South winds keep back the frosts—Don't complain of hot weather.

—The high winds for the past few days have made it hard work to put up hay.

—Good wheat is now worth one dollar and twenty-five cents per bushel at the Iola Mills.

—Mr. A. W. Beck, who is now sick with typhoid fever, is thought to be getting better.

—Early apples are plenty. And who that hath not painful recollections of early apples.

—The last horses in our town are in training daily on the race track at the fair grounds.

—Hartman & Casimire have a cane mill that they will sell at a sacrifice. Call and see them.

—A year ago last Sunday, August 22, since the grasshoppers made their appearance in this county.

—If you want to see people looking toward the sun start the report that "the grasshoppers are coming."

—Our thanks are due Mrs. Barth for a melon and roasting ears. The corn was of a new variety and excellent.

—Rev. T. C. Floyd, pastor of the Baptist Church, will be absent to-morrow. His pulpit will probably be filled by Elder Bartlett.

—W. M. Hartman, of the firm of Hartman & Casimire, hardware merchants, has been off after a new stock of goods this week.

—Grass could not possibly be better than it is and there will be a great deal more hay cut in the county than during any former season.

—All the members of the Republican Central Committee in this county, with one exception, were present at their meeting last Saturday.

—Rev. H. K. Muth, of the M. E. Church, will preach on the following subject to-morrow morning: "Duty of the Church to the Sabbath School."

—Notwithstanding the report that all the fax seed in this county had been destroyed by the wet weather several hundred bushels have been brought to this market.

—Rev. T. C. Floyd is holding a protracted meeting out on the Oange at which much interest is manifested. There have been over thirty conversions and twenty-seven baptisms.

—As is usually the case when a man is first entitled to be called "pa," Mr. A. H. Leonard feels prouder than ever before in his life. We don't know whether it is a boy or girl, but it was born last Sunday.

—Mrs. Jennie McAllister, of Chanute, is visiting her father and mother in this city. She has been dangerously ill since she came up last Monday, but is gradually improving.

—The boys who are supposed to have done the stealing in our town last Tuesday night were seen in Garnett last Thursday. They will probably be captured, as our Marshal, John Willis, is after them.

—The Republican Central Committee for this county have called a county convention to be held at the court house Monday, October 4th. Primary meetings will be held in the different townships Tuesday, September 28th.

—Some of our young folks drove out to the residence of Mr. Myers last Wednesday evening and enjoyed as pleasant a time as could be imagined. Mr. Myers and his estimable lady have the faculty of making every one feel at home.

—The little boy of Mr. and Mrs. N. F. Acers died last Sunday morning after a protracted illness. It was buried Monday evening near their home after short services conducted by Rev. S. G. Clark. A large number of their friends were present.

—The L. L. & G. Railroad Company have paid the tax on their road bed in this county at the rate agreed upon by our Commissioners. This has been a troublesome question to the Commissioners but under the circumstances we believe they have done the best thing possible for the interest of the county.

—"Music hath charms," etc., and those who desire to purchase a piano, an organ, or in fact any kind of a musical instrument, should call on C. P. Keith. Mr. Keith is an old hand in the music trade and can sell you as cheap and as good an instrument as you can get anywhere. Call and examine the organs that he now has.

—A friend of ours was recently up in the vicinity of Geneva, and as evidence that the farmers in that neighborhood have been in earnest this summer he says that one of them, Mr. Wm. Banta, has eighty acres of splendid corn which he put in and cultivated—and done it well too—with the assistance of one boy. Good work, sure.

—We publish to-day a letter from the Secretary of the State Board of Centennial Managers which is worthy the attention of our people. As will be seen by this letter the exhibition made by the State at the centennial will be made by counties, and if Allen county—one of the best in the State—is represented it is important that some action be taken at once.

—Our exchanges are continually bragging of tall stalks of corn, but having visited some corn fields this week we give it as our opinion—based upon what we saw—that the biggest ears of corn are not on the tallest stalks. We have some farmers in this county who claim they can furnish corn in large quantities, the ears measuring nineteen and twenty inches.

—Farmers are very busy making hay and have not time to listen to much advice, but we suggest to them that it will be well to remember that in the past thousands of tons of hay have annually been destroyed by fire in this State and when they get their hay stacked to securely guard it against fire. On account of the immense growth of the grass prairie fires this winter will be bigger and harder to control than any we have had for years.

—We have added to our exchange list the *Triumph*, a newspaper published at Ottawa by E. H. Snow, formerly proprietor of the *Ottawa Journal*. The paper is gotten up in good style and will doubtless be a success, but we don't like the plan Mr. Snow has adopted of starting out with reduced rates on subscription. If a publisher prints his paper all at home and devotes time and labor enough to it to make it worth anything it is worth two dollars a year.

—We received this week a report of the proceedings of the Neosho Valley District Fair Association. According to this report we see that printing was awarded to various offices in the district on account of their having made the lowest bid for the same. As the board of managers failed to give this office an opportunity to bid on any of their printing we feel under no obligations to publish their proceedings. This fair will be held at Neosho Falls, commencing Wednesday, September 29th and continuing four days. The officers are doing all they can to make the fair a success, and we hope the agricultural and mechanical interests of Allen county will be well represented.

DIED.

In Greenville, Bond Co., Ill., on the morning of the 20th inst., Mrs. Emma J. Tetham (and infant babe), wife of Geo. M. Tetham editor of the *Greenville Advertiser*, and daughter of James F. and Margaret W. Knowlton, of Geneva, Kansas.

FIVE HUNDRED DOLLARS REWARD.

Last spring Webb Bostwick lost some seventeen head of cattle—a description of which was published in *THE REGISTER* several weeks ago—which he then supposed to have strayed off. He has since become convinced that his cattle were stolen, and he now offers a reward of five hundred dollars for the arrest and conviction of the thief or thieves. Webb is in earnest about this matter, and if any officers or detectives will bring the offenders to justice they will get the reward.

MUSICAL CONCERT.

The singers of our city will give a musical entertainment at the Presbyterian Church, Wednesday evening, September 1st. Admission 25 cents; reserved seats 50 cents. The following is the programme for the occasion:

CHORUSES:—Hail! Smiling Morn; Swiftly from the Mountain Brow; Awake, Aeolian Lyre!; Union Battle March. QUARTETTES:—Speed, Speed Away; Hunters' Chorus; As pants the Hart; Trios:—Sweet Distant Chimes; O! Miss Brown!; The Merry Farmer's Girl; A Little Farm well Tilled. DUETS:—Beautiful Moonlight. SOLOS WITH CHORUS:—The Rose Light is Dawning; The Old Camping Ground. SOLOS:—The Blind Orphan Girl; Sunlight of our Home; Battle Prayer. Two violin solos and two piano solos by Prof. Sofge.

SORGHUM.

Mr. J. C. Clark has, as he announced last spring that he would, put up a mill and made all other necessary arrangements for making sorghum cane into molasses. He has one of the best mills in the country, a good American evaporator boiling pan, has employed good workmen and will be ready to commence making molasses by the first of September. He will be able to make from seventy-five to one hundred gallons per day. Barrels will be cleaned free of charge, and hoops put on and new heads put in them at reasonable rates. In preparing cane for the mill persons should tie it in bunches, cut off the seed and top joint and be careful not to break the stalks as they are liable to sour when broken.

Mr. Clark understands the business and is up to the times in making molasses, but in politics he misses it wonderfully. He says old Bill Allen was the first man he ever heard make a political speech, and he will go the molasses that he will be re-elected Governor of Ohio.

BURGLARS.

Last Tuesday night the hardware store of Hartman & Casimire and the merchant tailoring establishment of J. E. Ireland were broken into by some unknown parties. The entrance into the hardware store was effected through a window in the rear of the building. There were some ten or twelve dollars in the money drawer which Mr. Casimire had neglected to put in the safe when closing up that night, with a couple of small boxes of pocket knives. The burglars entered Mr. Ireland's establishment through the transom over the front door and carried away two pair of pants and a vest.

Two boys—tramps—were in town last Tuesday during the day and were seen on the streets after ten o'clock at night, and it is supposed that the stealing was done by them, as they were gone the next morning. If they are the guilty ones they probably took but few articles hoping they would not be followed. We understand that a book store at Humboldt was broken into on Monday night and a revolver and a few other articles stolen, supposed to have been done by the same boys.

SAND BURRS.

EDITOR REGISTER:—I send the enclosed slip from the *Leavenworth Times* in relation to the same burrs to which I called attention some weeks ago:

Property holders are requested to cut down all weeds having those ugly yellow blossoms and green burrs, on all real estate belonging to them. The Street Commissioner has been authorized to employ ten extra men for the purpose of destroying these weeds in all the vacant lots of the city. It is supposed that these weeds are of Texas origin.

It seems that the authorities of Leavenworth have determined to take time by the forelock and abate this nuisance while it may be done with comparative little labor. I again call the attention of our people and the Street Commissioner to the destruction of these weeds. A very little labor now would suffice to destroy them, while if allowed to propagate themselves for a year or two they will become an intolerable pest. If our city dads would spend a portion of the money in this way that they squander to the annoyance of the community in pulling up sidewalks where they are needed and putting them down where they are not wanted, they would earn the respect of the people and give the first reason they have ever yet shown for their official existence. S.

STATE NEWS.

Wilson county has 2,111 voters. Coffey county has a grand jury. A \$50 dollar dog recently died at Ottawa.

Leavenworth has a colored "Wild Bill."

Chetopa is named after an Indian brave.

The population of Wyandotte county is 12,385.

Corn stalk stowewood is talked of in this State.

A Cherokee county farmer has a flock of 600 sheep.

New sweet potatoes forty cents a peck at Fredonia.

Oswego is collecting Indian relics for the Centennial.

Wamego prohibits ball playing inside the corporation.

The Wilson county *Citizen* has never issued a half sheet.

There are twenty thousand people in the Walnut valley.

The question of division is agitating Butler county people.

Linn county farmers are buying seed wheat in Wilson county.

Horse thieves are troubling the Menominites in Harvey county.

Wabunsee county people have recently sold \$10,000 worth of cattle.

The Okaloosa *Independent* has commenced its sixteenth volume.

It is reported that Judge A. H. Horton, of Atchison, will locate in Beloit.

Ex-Congressman Cobb had his corn blined out on Thursday night by burglars.

W. C. Donthett has bought out Mr. Campbell, and goes back into the Fort Scott *Monitor*.

The Council Grove Democrat calls upon everybody to rise and exterminate the Mexican sand burr.

Twenty thousand bushels of wheat were marketed in one day, in Wichita, recently. So say the papers of that town.

Senator Ingalls is making an extended trip through Southwestern and Western Kansas, accompanied by his son Ellsworth.

Morris county farmers are manufacturing a superior quality of vinegar from the abundant supply of water-melons.

Salina believes in educating the "young idea how to shoot;" its court house cost \$25,000, and the school house \$30,000.

Guilford district, Wilson county, is building a school house by subscription, the tax payers being dead set against voting bonds.

The Salina *Herald* says that the bank of John Geis & Co., paid out for wheat during the first four days of last week, the sum of \$14,699.80.

A catamount attacked C. C. Grubb, of Brown county, tearing his clothes and lacerating his flesh. Mr. G. killed the animal with a pruning-knife.

And now Crawford county has its sensation. The Girard *Press* says that a shower of rattlesnakes fell in Grant township, one day last week.

Frank Brown an old citizen of Jefferson county, with a party of his neighbors, have started for the Black Hills, via Cheyenne. They travel in wagons.

The Paola Spirit says that the Inman Asylum at Olaton is full to overflowing, and that the Superintendent has to turn applicants for admission away.

In the libel suit against the Burlington Patriot, and Wm. Venable and Wm. B. Parsons, brought by A. Sherwood for \$3,585 and costs, the jury found for the defendants.

The true in wardness of stealing apples was illustrated in Manhattan the other day, when a boy was kicked by a horse, and saved his life by a layer of apples under his shirt.

Mr. Webster, Morris county, has a fine herd of sheep grazing on the bluff, and more coming. He designs putting up two hundred tons of hay and wintering three thousand head of sheep.

There are 1,457 dogs in Brown county, the cost of keeping which amounts to \$10 per annum each, or \$15,290. The Hiawatha Dispatch estimates that they are worth about 15 cents each, or \$233.55, altogether.

The wheat crop in Wilson county this year, says the *Citizen*, although by many thought unprecedented, is no larger to the acre than it was in 1874. The fact is, every year is a good one for fall wheat in the Fall and Verdigris valleys.

The Wichita *Beacon* says that there are about 140 tons of Indian goods at the railroad depot in Wichita, and have been there for two weeks, with no effort made to remove them, while the Indians are suffering for the want of them.

Miss Billamy, late teacher in the Parsons public schools, is putting in ninety acres of wheat one mile from Montana, and the *Sun* exclaims: "Who says this is not a wheat State? Who says Kansas hasn't the smartest women in the world?"

The first load of this year's corn which we have seen on the street was brought to town yesterday by J. W. Henry, of Washington creek. The plant was made April 23d and the yield was full. The corn looked finely and seemed almost ready for the mill. The load of twenty bushels was bought by J. W. McMillan for nine dollars, 45c per bushel.—*Lawrence Journal*.

IOLA MARKET.

CATTLE AND HOGS.	
Live hogs 20 00/20 00
Dressed hogs 20 00/20 00
